What is the NUTRIMAN Farmer Platform?

NUTRIMAN Farmer Platform (<https://nutriman.net/farmer-platform>) is a **multi lingual** web-based practice oriented database of bio-based and recovered phosphorous and nitrogen technologies and products. NUTRIMAN Farmer Platform is free of charge publishing technology/product related documents such as practice abstracts, training materials, information sheets, technology/product related pictures, video company logo, contact details (including direct link to organisation website) of the vendor and any other additional documents solely provided by the given and responsible technology/product vendor itself.

For each technology/product a specific technology/product page will be established on the NUTRIMAN Farmer Platform where product/technology related documents and information received from the vendor itself will be placed. This Farmer Platform is a continuously expanding database that will be evolutionary maintained for long term up to 2031.

Practice abstract(s) by will be additionally published in the NUTRIMAN project page in official EIP-AGRI website (<https://ec.europa.eu/eip/agriculture/en/find-connect/projects/nutriman%C2%A0-nutrient-management-and-nutrient>). In the official EIP-AGRI website no any personal data will be published only the direct URL link of the NUTRIMAN Farmer Platform technology/product pages.

Privacy: What personal information do we collect for what specific purpose?

You will be asked to voluntary provide your contact details (such as name, email address, name of organisation) in the Product- and Technology Information Sheet. If you voluntary provide contact information your responses may no longer be anonymous. Any personal or business information, which you voluntarily provide in the context of filling the *Product- and Technology Information Sheet, submitting training materials and any other technology/product related supporting documents, photos, pictures* will be processed for the purpose for publishing on the NUTRIMAN Farmer Platform website (<https://nutriman.net/farmer-platform>). **Your Product- and Technology Information Sheet together with the submitted product/technology documents, pictures, videos will be publicized on the NUTRIMAN Farmer Platform website** (<https://nutriman.net/farmer-platform>) and used for disseminating towards agriculture practitioners in printed and electronic forms.

We will also use your personal information for the purpose for contacting to you and asking further or updated information and technology/product related documents. Your personal data collected is strictly managed and retained in accordance with the GDPR Policy.

Where We store your personal data

The data that We collect from you stored at European Economic Area ("EEA"). The data will be collected by the Staff of the NUTRIMAN Consortium and stored on the computer of the NUTRIMAN Coordinator and placed on the NUTRIMAN website server located in EU.

Who can see your data?

Your personal data published on NUTRIMAN Farmer Platform website (<https://nutriman.net/farmer-platform>) can be viewed throughout the world and not just in the European Union and that some

countries may not provide the same level of protection to the rights of individuals as EU legislation provides.

Duration of data processing

We will process your data in accordance with NUTRIMAN consortium legal obligations (12.5 years) and for so long as you instruct us to do so.

Your rights

You may contact to the coordinator of the NUTRIMAN consortium (see under Contact section) to exercise any of the rights you are granted under applicable data protection laws (EU General Data Protection Regulation 2016/679 (April 28, 2016) of the European Parliament and of the Council in short GDPR), which includes (1) the right to access your data, (2) to rectify them, (3) to erase them, (4) to restrict the processing of your data, (5) the right to data portability and (6) the right to object to processing.

1. Right of access (according to Article 15 of GDPR)

You may ask us whether or not we process any of your personal data and, if so, receive access to that data in the form of a copy. When complying with an access request, we will also provide you with additional information, such as the purposes of the processing, the categories of personal data concerned as well as any other information necessary for you to exercise the essence of this right.

2. Right to rectification (according to Article 16 of GDPR)

You have the right to have your data rectified in case of inaccuracy or incompleteness. Upon request, we will correct inaccurate personal data about you and, taking into account the purposes of the processing, complete incomplete personal data, which may include the provision of a supplementary statement.

3. Right to erasure (according to Article 17 of GDPR)

You also have the right to have your personal data erased, which means the deletion of your data by us and, where possible, any other controller to whom your data has previously been made public by us. Erasure of your personal data only finds place in certain cases, prescribed by law and listed under article 17 of the General Data Protection Regulation (GDPR). This includes situations where your personal data are no longer necessary in relation to the initial purposes for which they were processed as well as situations where they were processed unlawfully. Due to the way we maintain certain services, it may take some time before backup copies are erased.

4. Right to restriction of processing (according to Article 18 of GDPR)

You have the right to obtain the restriction of the processing of your personal data, which means that we suspend the processing of your data for a certain period of time. Circumstances which may give rise to this right include situations where the accuracy of your personal data was contested but some time is needed for us to verify their (in)accuracy. This right does not prevent us from continuing to store your personal data. We will inform you before the restriction is lifted.

5. Right to data portability (according to Article 20 of GDPR)

Your right to data portability entails that you may request us to provide you with your personal data in a structured, commonly used and machine-readable format and to have such data transmitted

directly to another controller, where technically feasible. Upon request and where this is technically feasible we will transmit your personal data directly to the other controller.

6. Right to object. (according to Article 21 of GDPR)

You also have the right to object to the processing of your personal data, which means you may request us to no longer process your personal data. This only applies in case the “legitimate interests” ground (including profiling) constitutes the legal basis for processing (see “Legal basis” above). At any time and free of charge you can object to direct marketing purposes in case your personal data are processed for such purposes, which includes profiling purposes to the extent that it is related to such direct marketing. In case you exercise this right, we will no longer process your personal data for such purposes.

7. Withdraw your consent

You may withdraw your consent at any time by following the specific instructions in relation to the processing for which you provided your consent. In the case of withdrawn please contact to the Coordinator of NUTRIMAN project.

When you would like to exercise your rights, having complaints all you have to do is send your request to the Coordinator of NUTRIMAN project:
